KRISHNA DAVE

Data & Visualization Analyst

krishnadave829@gmail.com | +91 99981 04049 | LinkedIn: linkedin.com/in/krishna-dave-446256312

EDUCATION

Newton School of Technology, Rishihood University *2024 – Present*

B.Tech in Computer Science & Engineering | 2nd Year

TECHNICAL SKILLS

Languages	Python, SQL
Data Analysis	Pandas, NumPy, Seaborn, Matplotlib
Visualization	Tableau, Microsoft Excel (Pivot Tables, Charts, Dashboards)
Database	MySQL
Tools	Jupyter Notebook, Excel

PROJECTS

Road Accident Analysis Dashboard *Python · Tableau*

Data Cleaning & Interactive Visualization

- Cleaned and preprocessed a large road accidents dataset using Pandas and NumPy — handled missing values, duplicates, and outliers to ensure data integrity.
- Performed exploratory data analysis (EDA) using Matplotlib and Seaborn to uncover accident trends by time, location, and severity.
- Built an interactive Tableau dashboard with filters and KPIs to visualize accident hotspots, casualty rates, and contributing factors for stakeholder insight.

Credit Data Analysis Dashboard *Microsoft Excel*

Data Cleaning & Dashboard Development

- Cleaned and standardized a credit dataset in Excel using formulas, conditional formatting, and data validation to resolve inconsistencies.
- Designed a dynamic Excel dashboard with Pivot Tables and Charts to visualize credit distribution, default rates, and customer segments.
- Delivered actionable insights on creditworthiness patterns to support data-driven decision-making for financial stakeholders.

RELEVANT COURSEWORK & LEARNING

- Data Analysis with Python – Pandas, NumPy, Matplotlib, Seaborn
- SQL for Data Analysis – Joins, Subqueries, Aggregations, Window Functions
- Tableau – Dashboard design, calculated fields, data blending
- Excel for Data Analytics – Pivot Tables, VLOOKUP, Power Query
